

Release Notes

September 26th, 2010

Enhancements

- A digest was created for Notifications: users can select to receive a single email daily or weekly.
- Uploads: Class Upload: This is now a replace, rather than an append
- Deactivated Users should no longer show up within the LC
- Schools that are closed no longer display within LC
- Administration: Display on the Educator tab of both the Corp and the School the ISTAR permissions given to each educator
